## **Award Information**

The Small Museum Association (SMA) recognizes two museum professionals each year at its conference by selecting them for awards. The two awards available are:

- The **Hunter-Burley Award**, which recognizes an individual's outstanding contributions to the advancement of public access and professional growth for an individual institution

and

- The **Small Museum Association Award**, which celebrates an individual's outstanding contributions to the advancement of funding for, professional growth within, and/or the accessibility of information to the small museum community on a regional or state level.

Nominating a colleague for either of these awards is an excellent opportunity to publicly acknowledge their hard work at one museum or in the small museum field. Submit the form below by **December 29, 2018** to celebrate the accomplishments of a deserving small museum professional.
